

Mrs. Rose Greskoff – 8th Grade/Honors Math *(Celebrating 15 years)*

What is your professional background – degrees and other teaching experience?

I received my Bachelor of Science in Mathematics from Drexel University where I was an Associate of the Society of Actuaries. Though I worked as an actuary early in my career, I was inspired to pursue teaching by several teachers and administrators here at St. Norbert's, including Helen Locke, Nancy Harris, Bernadette Dougherty, and Ann Sullivan.

What has been your favorite moment at St. Norbert's so far?

What stands out most for me is when we received recognition as a National Blue Ribbon School by the U.S. Department of Education in 2015.

What is your favorite St. Norbert's tradition or annual event?

The Christmas Nativity has always been a school-wide event that brings students, parents, and teachers together at this special time of the year.

What do you like to do in your free time? I like to spend time with my family, read, and do puzzles. I also enjoy cooking and baking.

Who are your heroes? My husband is a hero to me – for his patience, loyalty, and love. I also admired the strength, perseverance, and faith of my grandmother.
