

Other Transportation Information

Transporting Musical Equipment and Other Large Items

Musical instruments, sports equipment, school projects and book bags must be able to fit on the student's lap or under the seat ahead of him/her without endangering the safety of other students. **No** item will be permitted to be in the aisle, behind the driver's seat, blocking any type of emergency exit or taking up any part of a seat designated for students.

If these items cannot be placed where described above, the student and/or this item will have to be transported to and from school by the parent when these items are needed. If these restrictions would prevent your child from taking part in music, sports or other activities, please contact your building principal to discuss possible solutions.

Cul-de-Sacs

The Tredyffrin/Easttown School District only permits a few large buses to travel into certain cul-de-sacs within the district. These buses and cul-de-sacs have been approved using very strict safety criteria. Small buses will not be assigned for the sole purpose of establishing stops with a cul-de-sac.

Bus Passes

Only students residing within the TE School District are permitted to ride our buses. Students from other districts will not be permitted. TE students wishing to board or disembark at a stop other than their assigned stop must present a **school-authorized Bus Pass** to the driver. Drivers are not permitted by law to allow students to get on or off a school bus at a stop that is not assigned to them without authorization from the school.

Please see our link on the district website, www.tesd.net, to access additional information and forms for Long-Term Alternate Bus Assignments and Bus Stop Change Requests.

Thank you!
